

Roberto Maria Lino
Selected works

Roberto Maria Lino (b. Naples, 1996) lives and works in Rome.

Focusing on the human body and the histories of medicine and industry, Lino weaves multimedia abstractions that probe the trauma, healing, and fragility of human experience. Slow and obsessive gestures are a constant in Roberto Maria Lino's research.

In 2026, he inaugurates the solo exhibition “Le parole che si intrecciano tra i ricordi, i ricordi che si intrecciano tra le parole” at the archaeological site of Villa Augustea in Somma Vesuviana, curated by Tramandars in collaboration with the Superintendence for Archaeology, Fine Arts and Landscape for the Metropolitan Area of Naples. He participates in the inaugural edition of the Genius Loci residency in Cortina d’Ampezzo and in the group exhibition “F-Lux” curated by the Fondazione Dino Zoli at the Italian Embassy in Singapore.

In 2025, he presented two solo exhibitions: “Memoir of a Needle” at *Palo Gallery* in New York, curated by Paul Horatio Henkel, and “Trames émotionnelles” at NM Contemporary in Monte-Carlo, curated by Clara Pacifico.

In 2024, he won the International Contemporary Generation Prize, taking part in the “Diadi” exhibition at the *Nicola Del Roscio Foundation*, curated by Achille Bonito Oliva. That same year, Lino was selected by the Cultural Affairs Department of Monaco for an eight-month residency in the Principality, during which he prepared his solo exhibition “Di mare e il suo orlo” at Villa Lysis in Capri. He also participated in the Arte in Nuvola art fair with NM Contemporary gallery.

Between 2022 and 2023, he participated in artistic residencies in Italy and Germany, and his work has been exhibited in solo and group shows, including “Prometheus Erbe”, *Culterim Gallery*, Berlin; “Clarity is close to the sun”, *Fondazione Bevilacqua La Masa*, Venice; “Navigating the city”, *Sparc - Spazio arte contemporanea*, Venice; “Vuoto”, *Struttura*, Rome; “Il tempo scortese”, *Vacunalia*, Vacone; “Ri-Abiatre”, *Fondazione Amleto Bertoni*, Saluzzo; “Performa24”, *Mare Culturale Urbano*, Milan; “Cura di Sé e Cura dell’Altro”, *Fondazione Pistoletto - Cittadellarte*, Biella; and the solo exhibition “Fili di Memoria”, *Ulisse gallery*, Rome.

In 2021, he participated in the group exhibitions “Legami”, *Palazzo Strozzi*, Florence; “Artefici del nostro tempo”, *Fondazione Bevilacqua La Masa*, Venice; and the solo exhibition “Sutura”, *Fondazione107*, Turin.

Series

Sutura (2021 -)

This series explores the theme of family. Since 2021, my practice has focused on the use of fabrics as carriers of personal memory. *Sutura* is developed through the hand-stitching of my father's surgical gowns and my personal garments.

A tutto spessore (2022 -)

In *A tutto spessore*, fabric filaments transform into abstract pathways that intertwine with each other, symbolizing the endless roads that intersect and collide. Each dyeing process produces a unique tone of purple and burgundy.

Mare cinereo (2024 -)

Mare Cinereo takes shape from the fading effect that salt and sun produce on recycled fabric, after being immersed in the sea. The series was conceived during an eight-month residency with the Cultural Affairs of Monte-Carlo. Alongside patchworks, this body of work explores the Japanese technique of *tsutsumi*.

Spolia (2025 -)

Spolia is a Latin term that refers to the reuse of architectural elements or materials from older buildings in new constructions. The series is composed of antique trousseaus combined with my own personal garments.

Untitled (Red monochromes) (2025 -)

The *Untitled (Red Monochromes)* series uses only fabrics from strangers. My practice has always drawn from the personal and familial, but with this series I embark on a different path. The recycled cloth is either found at second-hand markets or sourced through friends, whom I ask specifically to look for discarded textiles I know nothing about. I find it liberating to hand-stitch together fragments of lives unknown to me — hence the title of the series.

Geografia della Traccia (2026 -)

Geografia della Traccia is a series that began during the Genius Loci residency in Cortina d'Ampezzo. The project expands my textile practice through the use of fabrics sourced not only from my own archive, but also from other communities. The works explore the traces left by bodies, places and personal histories within materials, while experimenting with new media, colour palettes and hand-stitching techniques. Through sewing, cutting, layering and new forms of textile intervention, familiar materials are transformed into new visual and material configurations.
